Miss Texas USA, Lauren Guzman

"I love my Di Biase Hair Extensions USA. It made having beautiful, long, thick hair easy. Di Biase Hair Extensions USA is a sponsor of the Miss Texas USA pageant. I like that Di Biase Hair Extensions USA doesn't damage or break your natural hair, and it is easy to maintain. I would definitely recommend Di Biase Hair Extensions USA, because I LOVE the fullness of my hair now! I have only used clip in hair extensions in the past. The clip in hair extensions take time and the placement has to be aligned just right. With Di Biase Hair Extensions USA, all you have to do is style your hair. Di Biase Hair Extensions USA are so easy to use and maintain. I was going to compete for Miss USA and I wanted my hair to look long and full every single day. I have long hair, but wanted volume and body. Di Biase Hair Extensions USA gave me consistently long, gorgeous hair every single day. It made me feel more confident and sexy. Di Biase Hair Extensions USA are the best hair extensions I've ever used and I would HIGHLY recommend them! Try Di Biase Hair Extensions USA and SEE and FEEL the difference!"

Miss Texas Teen USA, Kellie Stewart

"I love my Di Biase Hair Extensions USA and feel awesome with my longer thicker hair. I selected them because they were recommended by my hairdresser Eric Vaughn and I know he would never steer us wrong! I love that they are fusion extensions because they are healthier for my hair. Di Biase Hair Extensions USA are fun and look amazing, you cannot tell that I have extensions, and I barely ever feel that they are even there! I wanted more volume and drama for my hair to compete at Miss Teen USA! I feel Di Biase Hair Extensions USA have made my hair more beautiful, dramatic and full on a daily basis, and they are very easy to use compared to any clip in extensions that you must take in and out and style separately. My hair looks and feels, healthier, stronger, fuller and more dramatic with such ease!!"
